What Are the Key Elements of Protocol 8 of the Learned Elders of Zion "Provisional Government"?

Sixbert SANGWA • July 21, 2024

The Protocols of the Learned Elders of Zion is a document that outlines a sinister plan by a secret group for global domination. It details the strategies used by this covert group to subvert the morals of the world's inhabitants and control the world. The plan's goal appears to be changing God's design and handing over the world to Lucifer. Among its 24 protocols, Protocol 8, titled *"Provisional Government,"* stands out for its detailed strategy of manipulation and control. This brief article will examine the key elements of Protocol 8 and how its provisions have shaped global history, leading many to believe we are on the brink of the rise of the Antichrist.

Arming with All Weapons of Opponents

Protocol 8 begins by emphasizing the need to arm themselves with all possible weapons their opponents might use against them. This involves mastering the *"finest shades of expression"* and the complex nuances of the law to justify their actions, even when they appear audacious or unjust. The protocol states: *"We must arm ourselves with all the weapons which our opponents might employ against us... it is important that these resolutions should be set forth in expressions that shall seem to be the most exalted moral principles cast into legal form."*

This strategy has historically manifested in the manipulation of legal and moral frameworks to achieve hidden agendas. By cloaking their intentions in high-sounding moral principles, this group has managed to infiltrate and manipulate various sectors of society, from law to education to media. Additionally, the fabrication and testing of nuclear weapons serve as a stark example of their manipulation. During the Second World War, nuclear weapons were developed and tested, culminating in the bombings of Hiroshima and Nagasaki. These actions not only demonstrated immense destructive power but also set a precedent for future use.

In the context of a potential third world war, these weapons are intended to be used again, bringing about unprecedented global turmoil. This aligns with the prophetic warnings in Revelation 8, specifically the second and third trumpets, which foretell catastrophic events impacting the earth and its inhabitants. The strategic implementation of such destructive capabilities underscores the group's ability to orchestrate large-scale crises and manipulate global geopolitics to their advantage.

Surrounding the Government with Experts

Another crucial element of Protocol 8 is the plan to surround their government with a network of experts, including publicists, jurists, administrators, and diplomats. The protocol explicitly mentions: *"Our directorate must surround itself with all these forces of civilization among which it will have to work... They will be made acquainted with the whole underside of human nature, with all its sensitive chords on which they will have to play."*

These experts are trained in special schools, possibly referring to elite institutions like Rhodes Scholars, where they learn the intricacies of human behavior and societal structures. This extensive knowledge allows them to manipulate public opinion and policy effectively. In contemporary terms, this strategy is evident in the way certain think tanks, academic institutions, and media conglomerates influence public policy and opinion. By positioning their agents within these powerful circles, they can steer society in a direction that aligns with their broader goals.

Economic Control

Economic control is another cornerstone of Protocol 8. The document stresses the importance of surrounding the government with economists, bankers, industrialists, and capitalists: *"We shall surround our government with a whole world of economists... Around us again will be a whole constellation of bankers, industrialists, capitalists and - THE MAIN THING - MILLIONAIRES, BECAUSE IN SUBSTANCE EVERYTHING WILL BE SETTLED BY THE QUESTION OF FIGURES."*

This economic manipulation is crucial because, as the protocol highlights, everything boils down to numbers and financial control. This aspect of the plan has been visible throughout history in the establishment of central banks, the manipulation of currencies, and the control of global markets. The influence of powerful financial institutions and the concentration of wealth in the hands of a few align with the strategies outlined in this protocol.

Utilizing Compromised Individuals

For positions of power, the protocol suggests using individuals with questionable pasts who can be controlled through the threat of exposure or legal action: *"For a time, until there will no longer be any risk in entrusting responsible posts in our State to our brother Jews, we shall put them in the hands of persons whose past and reputation are such that between them and the people lies an abyss."*

This tactic ensures loyalty and obedience, as these individuals, with their tarnished pasts, have no choice but to comply with the directives of their handlers. This method of control is prevalent in modern politics and business, where compromised individuals are often used to further hidden agendas. Today, we frequently observe individuals with questionable ethics being elevated to positions of power, often backed by influential entities who leverage their vulnerabilities for control. These morally compromised leaders are manipulated through the threat of exposure or legal repercussions, ensuring they act in accordance with the interests of their benefactors rather than the public good. The prevalence of scandals and corruption in high offices indicates how deeply this strategy has permeated our political and corporate structures, highlighting a deliberate effort to erode moral values at the highest levels of power.

Shaping Geopolitics Through History

The implementation of these strategies has profoundly shaped global geopolitics. The manipulation of legal systems, control of economic resources, and strategic placement of compromised individuals have allowed this secret group to steer the course of history. Wars, economic crises, and political upheavals can often be traced back to these hidden machinations.

For instance, the establishment of central banks in various countries has given a few individuals immense power over national economies. Similarly, the manipulation of media and education has shaped public opinion and societal values in ways that align with their goals. Additionally, the creation of international institutions like the United Nations (UN) and its various branches has further centralized global governance. The UN operates as a pilot program for a global government, expected to pave the way for the New World Order, the reign of the Antichrist. Its agencies already function as different ministries, such as the World Health Organization as the health ministry, the International Monetary Fund and World Bank as the financial ministries, and the United Nations Educational, Scientific and Cultural Organization (UNESCO) as the ministry of education and culture. These institutions wield significant influence over international policies and regulations, often guiding global agendas in a manner that aligns with the strategies outlined in Protocol 8.

Biblical Perspective

From a Christian perspective, these strategies align with the warnings in the Bible about the rise of deceptive powers in the last days. In 2 Thessalonians 2:9-10, it is written: *"The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved."* The manipulations described in Protocol 8 can be seen as part of this "*unrighteous deception,*" preparing the world for the rise of the Antichrist. As Christians, it is crucial to remain vigilant and discerning, recognizing these signs and standing firm in the truth of God's Word.

Conclusion

Protocol 8 of the Learned Elders of Zion outlines a detailed plan for manipulating and controlling society through legal, economic, and psychological means. Its implementation has shaped global geopolitics, leading us to a point where the rise of the Antichrist seems imminent. By understanding these strategies and their historical impact, we can better prepare ourselves spiritually and intellectually to stand against these deceptions. Let us hold fast to the truth and seek wisdom from God's Word as we navigate these challenging times.
